Correction to: *Genome Biology* (2019) 20:82
<https://doi.org/10.1186/s13059-019-1679-2>

Following publication of the original article [1], a typographical error in the formula for calculating d_i in the “Scans for local adaptation” subsection in the Method section, was identified. The correct formula should be

$$d_i = \sum_{j \neq i} (F_{st}(i, j) - E[F_{st}(i, j)]) / sd(F_{st}(i, j))$$

The authors apologize for any confusion this error may have caused.
